Introduction to ASM:

It is learnt over a period of time that organizations get ISO certifications but the system is not TRULY effective due to lack of implementation and awareness at all levels. Getting certified on various ISO standards is useful if it is TRULY implemented.

For this we recommend organizations to have Annual System Maintenance (**ASM**) Contract and we offer our services for that. Our experienced consultants regularly visit and ensure true implementation at all levels

Activities: During ASM Contract period we ensure:

- ✓ Maintain and improve System for Quality, Environmental and Occupational Safety based on ISO 9001, ISO 14001 & OHSAS-18001
- ✓ Handle all Certification Audits during agreement period
- ✓ Carry out regular in house audits in order to bring on floor improvements in the system
- ✓ Conduct in house awareness & trainings to create a culture for Quality, Environment and Occupational Safety

Key Benefits: Some benefits of ASM are:

- ✓ TRUE Implementation of systems
- ✓ Better & systematic organize
- ✓ Better controls, better monitoring & reporting
- ✓ Employee satisfaction that they have better systems
- ✓ Professional outlook & image
