### Introduction to ISO 14001:2015

The ISO (International Organization for Standards) has revised **ISO 14001: 2015** to migrate Environmental management system to the new edition of the standards for manufacturing industries worldwide. It maps out a framework that a company or organization can follow to set up an effective environmental management system. It is a family of standards provides practical tools for companies and organizations of all kinds looking to manage their environmental responsibilities. Using **ISO 14001:2015** can provide assurance to company management and employees as well as external stakeholders that environmental impact is being measured and improved.
