

# Quality Management System

## ISO 9001

### About QMS.9000

Quality Management Systems.9000 (**QMS.9000**) is a leading Management and Industrial Engineering Consulting Company in the Region. Our area of operations includes Management System Development and Implementation based on International Standards & best practices.

Owing to our dedicated team work, professionalism and practical approach towards implementation of systems that we have a loyal clientele of over **1,000 leading business groups** / companies to our credit and provided training services to over **10,000 professionals** belonging to Private, Government and Defence Sectors.

We have honor to work with Global/ International Organizations like; European Union, Kingdom of Netherland, German Council, Asian Development Bank, International Labor Organization (ILO), UN World Food Program, Pakistan Poverty Alleviation Fund (PPAF), World Bank, GIZ (International Zusammenarbeit GmbH) etc.

### Introduction to ISO 9001

**ISO 9001** have a distinctive structure, which will be used in all standards sharing the same basic requirements to increase adoption of all ISO standards. Risk based thinking is an essential part of the new standard, expecting organizations to identify and address the risks and opportunities that could help to provide compliant products and services. In new standard, the service has received its own identity, clarifying that ISO 9001 applies not only to manufacturers but also to all types of service providers.

### Key Benefits

- Greater emphasis on leadership engagement
- Helps address organizational risks and opportunities in a structured manner
- Better utilization of available resources
- Give requirements for Documented Information
- Effective Change Management
- Communication and Records Traceability through logging and documentation
- Personnel Trainings
