About QMS.9000

Quality Management Systems.9000 (**QMS.9000**) is a leading Management and Industrial Engineering Consulting Company in the Region. Our area of operations includes Management System Development and Implementation based on International Standards & best practices.

Owing to our dedicated team work, professionalism and practical approach towards implementation of systems that we have a loyal clientele of over **850 leading business groups** / companies to our credit and provided training services to over **9000 professionals** belonging to Private, Government and Defence Sectors.

We have honor to work with Global/ International Organizations like; European Union, Kingdom of Netherland, German Council, Asian Development Bank, International Labor Organization (ILO), UN World Food Program, Pakistan Poverty Alleviation Fund (PPAF), World Bank, GIZ (International Zusammenarbeit GmbH) etc.

Introduction to ISO 17025

The standard **ISO 17025** provides best management and technical guidance for a Testing and/or Calibration Lab. It provides a lab with international recognition and its effective implementation ensures quality assurance of its activities which eventually leads to higher trust of clients and customers alike. Technical Requirements are more focused on Lab's environment and performance.

Key Benefits

- ▶ Personnel Training and awareness on this standard decreases chances of errors during work
- ▶ Quality Assurance activities are improved
- ▶ Statistical techniques and Quality Control Charts are utilized to measure lab's performance
- ▶ Frequent use of standard references and calibration of lab equipment
